Dear Mustafa, dear every child, you really need to know that you will not be forgotten. I don't know if you still exist, if you ever really existed. You matter. As much as I do, as much as everyone does. I'm sorry. I'm sorry for not helping you, not doing my best. Not doing my best to make you live, be among us. We had the responsibility to save you, but we failed, now it's our fault. For every child, woman, man, out there, stay strong. I'll do my best for you. Dear children that are outside in the sea
~~now~~ now:

in this week we talk and learn a lot
about you, but nobody understood
how much you all suffer. If only
one of us understood what your suf-
fer means, we could never cry for
a little pain on our necks, we
could never laugh during a presen-
tation about you and your trips
in the sea, we could never leave food
in our plots only because "we're
full". So, I'm sorry for what
you'll find here in Europe: a lot
of hypocrites, indifferent and
selfish humans.

For all the refugees. Is all okay?

I hope yes but I know that it isn't. Probably you're destroyed now, you're scared, you're afraid and probably you are thinking about your future.

I know that you're thinking that you can't have a future, but this is not true. You have a future but you have to fight. It's going to be hard from now. You can do it, I believe in you.

Be careful and have care about yourself.
