

LESSON 2

Introducing of Child Rights - discussion

The aim of this activity is to explain the children their child rights which are recognized by Convention of Child rights and inspire the pupils to explore their rights.

Ask pupils if they know that some rights and rules are connected with the specific groups of people mainly to them and the youth. Help the children to understand the connection between needs and rights.

Discussion:

1. What is the difference between the needs of children and needs of adults?
2. Why the children need the special protection? Give some examples
3. Why the children need specific privilege to have adequate social background? What do children need for surviving, happiness and the right development?
4. Who is responsible for safeguard the child rights? (parents?, teachers?, other adults? Other children? government?)

Task for children:

To prepare an advertising about some articles of Convention of Child rights (poster, song, other forms of advertisement) and present it to other classmates

Feedback:

- What was the most interesting on presentation?
- What have you not known so far?
- What do you appreciate on this presentation the most?
- What would you do differently?
