

*To compare the  
size of the dog  
(0,60m) with  
the size of  
« Molica (Pinus  
peuce) »  
(40m)*

*Is the same as  
comparing the size of  
A Golf club  
(1 m) with the  
size of the Tour  
à plomb de Couëron  
69 m France)*

*We can see that result is the  
Almost the same for the two  
comparison :*

40 : 0,60 is almost the same  
as : 69 : 1
