17.3 Friday morning. 8 o'clock Danish time. Teams agree on team name and team logo. And team starts planning the main project.
20.3 Monday. Each team plans and has made a plan in team log at the end of the week for: What is our 'on leading' open question and how will we work to solve the team task?
27.3 Monday team work updates
03.4 Monday. Week 14 data collecting and organizing.
<i>Easter vacation</i>
24.4 Monday. Adobe connect session – videoconference - 24.4 at 11.15 Danish time. Finland. Send presentations to Peter beforehand: pbak@via.dk
<i>Week 18 Thyborøn School class 8 in Copenhagen all week</i>
08.5 Monday. Week 19 teams work on presentation of problem solving and of group work.
15.5 Last time – assessment – End.

And rest of teamwork in other lessons or at home.

Teamwork - starter:

Twinspace: Introduce themselves in group padlet. Agree on a group name and on a group logo.

Teamwork – how do we use our resources best?

Groups make a plan – what is our on leading open question and how will we work and solve our task?

Danish pupils make the project log for each week. Pupils talk together at each school and agree on facebook or other medias outside school on their own.

Each group makes a local Surveyin their project (- and more if students decide)

ICT-Tools: Groups decides for themselves.
