A top-down view of a bamboo cutting board on a wooden surface. On the board are several pieces of light-colored wood: a large rectangular piece, a smaller piece with a curved edge, a piece with a V-shaped notch, and a piece with a semi-circular edge. A hammer with a black handle and a dark metal head lies on the left. A bottle of Ponal Express wood glue is in the upper center. A small piece of wood with a hole is on the right. The text "Sav pribor za izradu stola i stolice" is overlaid in white cursive font.

Sav pribor za izradu stola i stolice

Opis izrade i pribor

- Opis izrade: pripremila sam sav potreban pribor i radnu površinu
- Pripremila sam pribor, drvene materijale za izradu, i počela sa radom
- Pribor: čekić, ravnalo, čavlići, drvofiks, odvijač, drveni materijali za igračke

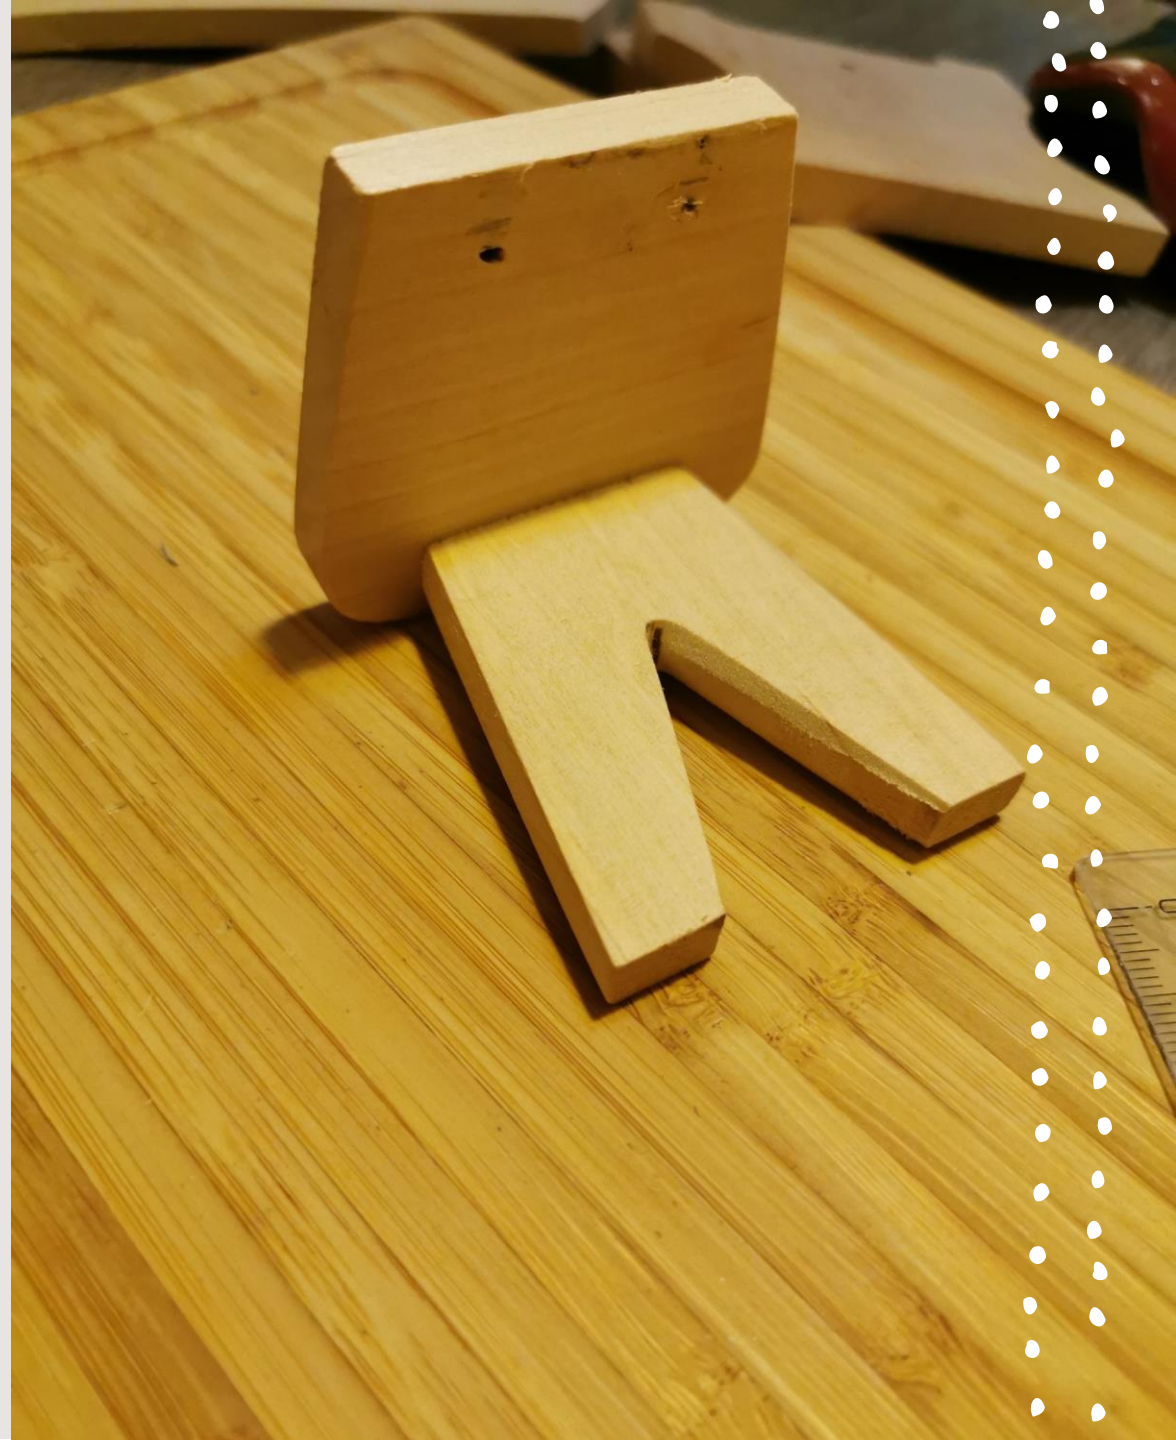

Izrada drvenog stolca

- Za izradu potrebno je drveni materijal, čekić, čavlići
- Prvo sam dva čavlića zakucavala u širi dio sjedalice od stolice

Izrada drvenog stolca

Stavila sam noge stolice na sjedalicu i to učvrstila čavlicima

Izrada drvenog stolca

- Poslije stavljanja i pričvršćivanja prednjeg dijela stolice, na naslon sam stolice zakucala čavlice i pričvrstila za sjedalicu stolice.

Izrada drvenog stola

- Za izradu drvenog stola potreban je drveni materijal, drvofiks.
- Prvo sam na plohu stola stavila i zalijepila daščicu. Ta mi je daska pomogla da točno zalijepim noge stola.

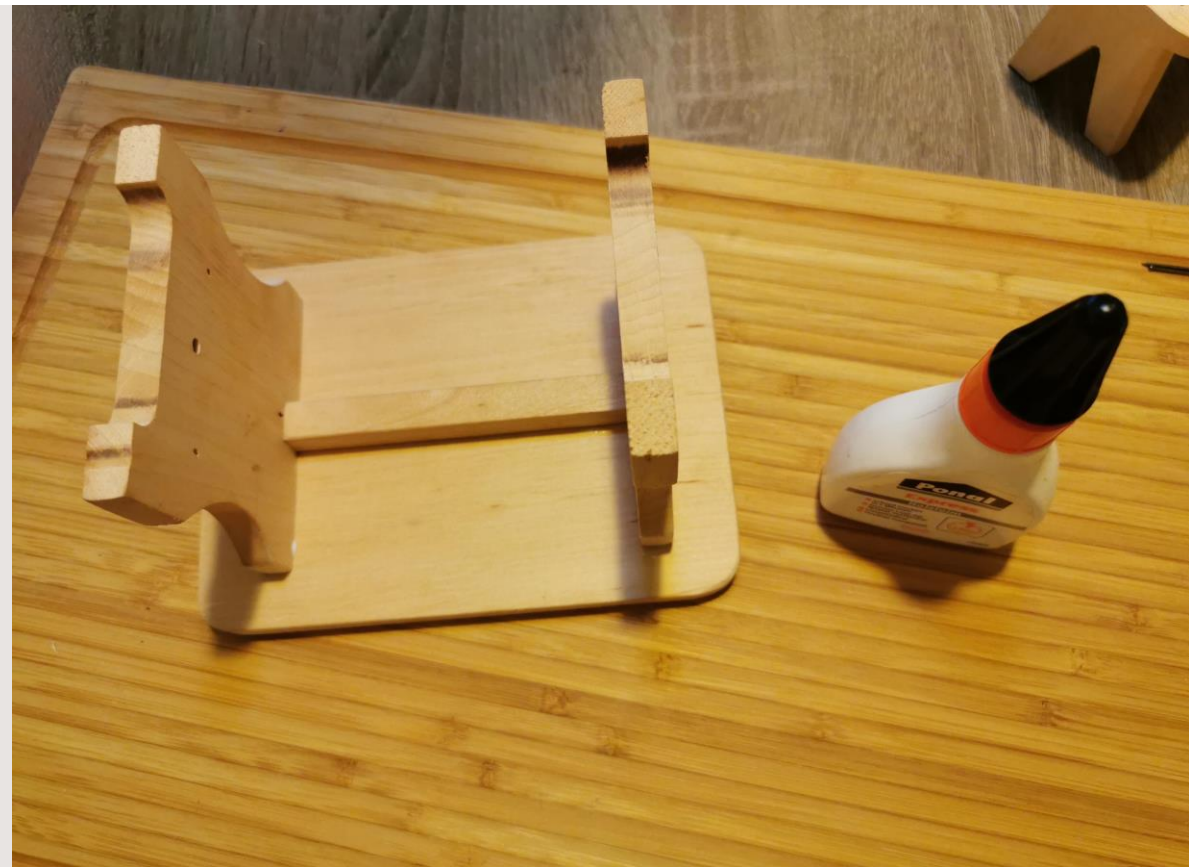

Izrada drvenog stola

- Uz drvenu dašćicu zalijepila sam drvofixsom prvu nogu drvenog stola.

Izrada drvenog stola

- Uz drvenu daščicu zalijepila sam i drugu nogu stola.
