Word salad

Created by students of Pestalozzi Gymnasium, class 6b

Do you know how it works?

You have to look for words which have to do with breakfast. These words can be written in one row from top to bottom, from bottom to top, in one line from left to right, from right to left, in both diagonals from top to bottom and from bottom to the top, too.

Some are easy – marked with one star, others are more difficult and you have to fill in letters to find the solution word.
