

The Danube Delta

The Danube Delta (Romanian: “Delta Dunarii”) is the second largest river delta in Europe, after the Volga Delta, and it is the best preserved on the continent. The greater part of Danube Delta lies in Romania (Tulcea

County).

Danube Delta has a big variety of birds. It has the highest concentration of bird colonies in all of Europe.

1. How many channels (arms) does the Danube Delta have? Write their names. (2p)
2. During summer, in Danube Delta can be found under 230 species of birds (True/False) (1p)
3. What happened in 1991? (4p)
