

BENEFITS OF VOLUNTEERING FOR THE REST OF THE SOCIETY

Avoid poverty

When somebody is in a poverty situation, there are some NGOs which help people to improve their living conditions.

For example, in Malí they create wells to give water to people.

Moreover, **UNICEF** is a NGO which helps children to have a better living condition in different countries.

Improve living conditions

The NGOs like ``**Medicos sin fronteras**`, provide medical help to poor countries which can not have doctors.

For example, in Pakistán Oriental they are trying to fight against the diseases like AIDS, malnutrition, surgery.

Avoid war deaths

The NGOs help people to run away of the wars which can cause deaths.

For example, in Nigeria NGOs help people to escape by boats.

CONCLUSION

Being a volunteer can change your life and at the same time the life of people in need. In this way, you feel useful because you become a friendly person, you help people and you know new cultures.

In Spain, there are a lots of volunteers who want to help to people in need.

**WE ARE
VOLUNTEERS IN
OUR VILLAGE**

CLEANING THE COUNTRYSIDE

In Marmolejo we went to the countryside to clean it collecting the garbage which people throw when they go there.

It was a very productive day doing a good action for our environment.

I was only a child but I help a lot like a old person.

Definitely it was a very cool and funny day.

THE GREEN DAY

The green day is a project of teenagers of Marmolejo to clean the nature of our village including the water of the Guadalquivir river.

There was a flood in Marmolejo and the water of the river got dirty and the near places too.

However,when the flood disminuyed, some teenagers of Marmolejo started to clean the affected place to get clean all our village and do a good action.

BE A TEEN VOLUNTEER

In Marmolejo teenagers have the possibility to be a teen volunteer in a place called “The house of the youth” where teenagers do different activities of volunteering controlled by the government of Andalusia.

Nowadays we are 30 volunteers.

MANY ACTIVITIES CARRY OUT

We've developed many activities in Marmolejo for 30 years.

We have played with childs helping them to have a good time with their firends .

Moreover we have been organising water activities in the swimming pool of Marmolejo.

NGOs IN ANDALUCÍA

Made by: Laura Robles González y Alba Valdivia Ramírez.

Different types of NGOs

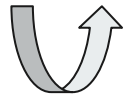

Andalusia accept

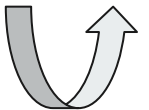

<https://acoge.org/>

Andalusia accept

The **Andalusia Acoge Federation** was born in **1991** with the aim of building a plural and inclusive society that guarantees equal rights and opportunities for all people residing in Spain.

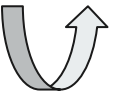

It is currently **composed of 9 associations** that carry out their **work in 21 centers** throughout the **Andalusian geography**. Thanks to the effort of **around 400 people**, mostly volunteers, the Federation serves thousands of people every year.

Andalusia accept

The functions of Andalucía Acoge are:

- Coordination between different associations to optimize all actions
- The common representation at regional, national and international levels
- The search for financial resources for project financing
- The training of volunteers, mediators, trainers and prevention educators in intercultural media.

Sevilla Accept

www.sevillaacoge.org

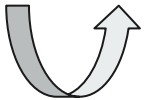

Sevilla Accept

The acogida Program is central to the work of the Sevilla Acoge Foundation, as it aims to facilitate immigrant people to feel part of this society, favoring their social and labor integration, and promoting that they are and feel full members of our society .

We have a team of people hired and volunteers from different places: Spain, Morocco, Uruguay, Senegal, Algeria, Peru, Argentina, Brazil, Ecuador, Armenia, Russia, Colombia and others.

Sevilla Accept

The program is specified in the following functions:

- Provide initial reception and social assistance.
- Develop comprehensive work plans with families.
- Conduct personal development group workshops.
- Manage resources with other entities and refer to other social, training or employment services.
- Support financially in cases of extreme need.
- Provide essential products to families.
