

Recap of travel in austria

on the first day, we arrived by train in Vienna and we had breakfast in the station .After breakfast ,we went to the Sissi castle (the famous queen of Austria).This castle was very beautiful with lots of paintings and decorations .After that,we visited the garden

which was huge with lots of fountains and

flowers .After we ate a

delicious meal · We went to visit the biggest museum of contemporary art of Europe · The painters play with illusion · It's a beautiful museum · I loved it · In addition, on leaving, we were able to listen to a free concert · Then we visited a part of Vienna which is the capital of Austria · It's a very beautiful city, calm where it is good to live ·

In the evening, we arrived at the high school of Klosterneuberg · We met our partners austrians, croatians, spanish, sicilians and germans ·

The second day in the morning, we introduced ourselves by playing games · In the afternoon, after visiting the national park of Danube, we

went to see mister Bien, a beekeeper · He told us about his work and we tasted his honey, it was very good · Then, we returned to the school · We

played an international football match and we tasted the delicious grape juice produced by the students. They, also, make wine for their teachers but we couldn't taste it!

On Tuesday, in the morning, we made our presentation on the pollinators and honey plants in front of all the partners. The afternoon we did a guided tour of the historic center of Vienna. We saw the very beautiful cathedral, churches, many pretty monuments. It was amazing but we didn't understand everything! After, we could buy souvenirs in the many shops.

On Wednesday, we visited the Austrian nature museum with lots of animals. Then we went to the castle of Dürstein along the Danube. At the top, we had a magnificent view. Then we went to see Greta's daddy's vines, a high school girl from the group. This wine region, along the Danube, is a UNESCO World Heritage Site. Greta's family

offered us to eat local products. It was so good!

On the last day, we visited Klosterneburg Monastery. We listened very carefully. We liked the visit. The Austrian pupils showed us their high school, the machines for making apple juice and wine, the chemistry and science room. It's a very big and beautiful high school and the canteen is very good.

After, we saw their vines, we tasted their delicious apples. We walked a moment. The landscape was magnificent. The evening we had an Olympiad with all the partners. We laughed a lot! We had a barbecue before saying goodbye

on the Friday, we got up at 4am and, after long hours by train, we arrived in Marvejols exhausted but delighted with our week in Austria.

We had very nice meetings, we saw beautiful landscapes and monuments and we learned a

lot. I will keep a very good memory of this experience
