

Alp Ođuz Anatolian High School

Presentation

HISTORY

- The foundation of our school is confirmed by the approval of the Ministry of Education on 3rd July 1995 and the General Management of Secondary Education with the approval number of 7637.
- Our school is founded by charitable Turgut Oğuz. Since Mr. Turgut had lost his son; Alp Oğuz; in a traffic accident, he decided to make his own son unforgettable and for that reason his name is given to this school.
- In the academic year of 1995-1996 our school first founded in the “ Petkim Training Centre “. After finishing the construction we have been educated at our new building since 2000. In the academic year of 2010-2011, our school keeps its education mission with 4 administrators, teachers, 1 officer and two staff.
- Right now, Turgut Oğuz is the mayor of Aliaga.

ÖMER TURGUT OĞUZ

VISION

- Our vision is to train and to graduate students to have an awareness of understanding and acceptance of diversity, science and technology, to be open-minded to new progressing innovations, to accept that Project-based learning, to keep the universal values and to be the guide of these values, to be capable of communicating, at least, one foreign language, to have high moral values, to be self-esteemed being, to be participant, to be well-qualified and to drive approaches to the issues of our time, such as, democracy, secularization and prioritizes humanity and culture in designing environments.

MISSION

- The mission of our school is, Alp Oğuz Anatolian High School prepares students to progress their knowledge taking into account of individual differences, to develop skills, to have a high level of self esteem, to understand and to contribute to rapidly changing society and thus, make the world and local neighbourhood a better and more just place, to gain fair behaviour, to be objective to all global matters, to embrace the students to innovate the global economy society, environment that require individuals to grapple with complex problems about society, to focus on and engages with critical contemporary issues such as creativity, technological innovations and leadership, Project based learning and also we ensure our students to show empathy for the needs of others and to have in cooperation and to be a participant of collaborations.
