

EUROPEAN S'CAPADE OUR TWinspace

You are about to embark on an adventure, a virtual one. An eTwinning project is a virtual exchange project with students from other European countries. This activity will help you get acquainted with the platform.

Google "twinspace" and connect to the site with your ID / password:

___ *BC_Amaia.Eiz (in my case)* / ___ *your password* ___

Discovering the Twinspace

As soon as you successfully connect, you will arrive at the homepage for the project. If you see "Spanish" written along the top, go to the top right and change the language to 'English'.

Name the six columns tabs in green that you see running along the top part of the screen.

--	--	--	--	--	--

Uploading material

Follow your teacher's indications to upload your eSafety posters.

Discovering the Partners

click on the green column tab at the top marked "**MEMBERS**"

Click on the button labeled "**TEACHERS**". How many teachers are in the project? _____

Scroll through the page and say where the teachers are from & their name:

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

Click on the button marked **“STUDENTS”**. How many students are enrolled in the project? _____

Find a student whose name starts with the same letter as yours from each country, and write their full name and country here:

- 1.
- 2.
- 3.
- 4.
- 5.

Click on those persons' name, and leave a friendly :-) message in the box on their profile page.

When you are finished, click on the tab at the top marked **“PAGES”**.

Discovering the activities

Go back to **HOME** page and click on the tab **“PAGES”**

Page 1. Subpage “Collaborative agenda”.

Compare our schedules & timetables. Write a commentary.

Page 3. Subpage “Transnational meetings for students”. How many videoconferences have there been so far? Between which countries.

Personalizing your space

Finally, go back to the top of the page and click on your profile button:

European S'capade

Our students have been locked down for too long ! As teenagers, they need to open up to others and play again with peers. In this project, they will create an Escape Game that will be made public. Throughout the process, they will meet new friends, discover not so far away European countries and improve their skills. They will take up learning again in a fun way and it will boost them before they move on to highschool.
