ONLINE MOBILITY PROPOSAL

Partner organisation:
BURGAS FREE UNIVERSITY (BFU) / "G. S. Rakovski" Secondary School , Burgas

Indicate your theme:
Experiences and use of digital platforms in the classroom

Webinar topic:
Using MOODLE as a teaching/learning platform

Phase 1:
An asynchronous activity
Duration - 1 hour.
The participants will enrol in the 'Teachers Ahead' project platform created. The participants will get acquainted with the e-learning platform and the course developed by the BFU team – videos, video capsules-tutorials, multimedia resources and a variety of materials created with H5P and the different Moodle resources and activities.

Which day and time:
Phase 1 will take place in the period 20-25/11/2020.

Phase 2:
A synchronous activity using Google Meet
Duration - 2 hours.

A webinar, where the host institution defines the theoretical-practical frame of reference of the topic and explains the work to be developed by the different groups in the third phase.
The webinar will cover the following topics:

-   Design and uploading of educational videos; creating enhanced videos;tools for production of educational videos;Online Publishing, Sharing and Monitoring of Educational Activities.
-   **Moodle** administration - a presentation on how to use MoodleCloud(moodlecloud.com) - creating an account and setting up a course.
-   Introduction to **H5P** - how to create, share and reuse interactive HTML5 content by adding the **H5P plugin** to your **Moodle**.

-

Which day and time:
Phase 2 will take place on 25/11/<mark>2020; 16 -18 h C.E.T.</mark>

How will attendance/ participation be evidenced?
The participants will be registered upon logging into the 'Teachers Ahead' training platform. Logs of the activities will be taken throughout the webinar. The webinar will be recorded and shared on the platform to be available to all partners/participants.

Phase 3:
An asynchronous activity
Duration - 2 hours.
The different groups will create a product: an in-depth activity for a class.
The participants will create/install their own Moodle platform (as per the subject they teach) by using MoodleCloud (moodlecloud.com) and enrol their students
OR
The participants will create interactive content for their respective subjects using H5P

The host partner will provide feedback on the product created by each group/participant.

Which day and time:
Phase 3 will take place in the period 26/11/2020 – 03/12/2020

How will attendance/ participation be evidenced?
The participants will be registered upon logging into the 'Teachers Ahead' training platform. Logs of the activities and screenshots will be taken throughout the webinar. The created products will also serve as evidence.
