On Tuesday we learned about ecosystems and food chains. I liked the team workshops most. The Brown Castle was a bit small so I was disappointed but my mind turned to what I saw there. I had a box with beautiful things in it.

On Wednesday we learned about different projects. I wasn't really interested but the following day was better. I visited a park and the afternoon was better. I was a bit disappointed but my mind turned to what I saw there. I had a box with beautiful things in it.

On the 4th day we went hiking in the mountains. I liked this very much. I had a box with beautiful things in it.
