*Meeting Agenda*

1. Valuation of the Project.
2. End of the Project.
3. Sustainability of the Project.
4. Questions

**Valuation of the Project**

The valuation of the project is positive. After two years working issues related to social and technical skills the impact on the educational community has been huge. Also some companies have participated in the project with a positive answer.

The relationship with the partners are closer and we have developed some ideas to develop in future projects.

**End and sustainability of the project.**

This is the last meeting of the project but it ends the 31<sup>st</sup> of August, so we are going to continued including contents not only until that date, we have carried out some initiatives that will be established in the future, such as a Entrepreneurship point at the CIPFP Valle de Elda.
