EMPLOYMENT AND CONTRACTS TYPES IN SPAIN

UNDEFINED CONTRACTS

Contracts of work that are concluded without establishing time limits in the provision of the services, as for the duration of the contract.

CONTRACT FOR TRAINING AND LEARNING

That contract, has the objective of giving to the worker the professional practice appropriate to the level of studies.

It is not only to acquire experience in a determined job. This experience is supposed to perform on the studies previously taken.

Requirements

1. Qualification for the performance of a profession.
2. Be under 25 years old.
3. Minimum duration of 6 months and maximum of 3 years

TEMPORARY CONTRACTS

This type are the most appropriate when you have to incorporate a worker for specific time or for a very specific activity.

Types of temporary employment:

1. Contract of work by work service determined.
2. Eventual contract for production circumstances.
3. Contract of interim
4. Contract of workers in situations of social exclusion (*victims of gender, terrorist or domestic violence*)

PART-TIME EMPLOYMENT

This agreement is interesting because it offers great flexibility hours which should be stopped by writing before the agreement, in order to improve the work family.

It is intended to combine greater flexibility in the management of working time.

AUTONOMOUS

This type of counter is not a contract as such but is a discharge in a regime that controls the entrepreneurs who have their own companies.

We will talk about this type in the next point.

SELF-EMPLOYMENT.
REQUIREMENTS OF
AUTONOMOUS

SELF-EMPLOYMENT. AUTONOMOUS

Autonomous organizations UPTA, ATA and UATAE consider that employment among the self-employed will grow at the end of 2013.

Young Entrepreneurs Provide the necessary financial resources to newly established SMEs, created by young people,

REQUIREMENTS TO BE AUTONOMOUS

- ✓ Main activity and registered office in the national territory.
 - ✓ Innovative business model/new or with clear competitive advantages.
 - ✓ Not be part of the financial sector.
 - ✓ Not be part of the real estate sector.
- 

REQUIREMENTS TO BE AUTONOMOUS

- ✓ Acquisition of fixed assets and working capital necessary for the activity will be financed.
 - ✓ Minimum contributions of partners via capital / own funds: at least 50% of the loan granted.
 - ✓ Technical and economic viability of the business project.
 - ✓ Accounts deposited in the Mercantile Registry or Public Registry, where applicable, of the last closed fiscal year.
- 

OBSTACLES ENCOUNTERED
BY THE SELF-EMPLOYED.
COMPARATIVE WITH OTHER
COUNTRIES

DIFFICULTIES THAT MAY BE ENCOUNTERED BY THE SELF-EMPLOYED

There is high unemployment because of the crisis and does not leave to the young entrepreneurs to start a business in self-employment.

It is said that the only way to find employment is the venture, to set up your own company and this encourage the country to rise from the crisis, but the difficulties that you can find are many.

Some of this problems are:

- ✓ The current consumption is not conducive because all the people spend less than before.
- ✓ The difficult access to finance.
- ✓ You have to pay more than 200 euros.

Distribución por género

COMPARATIVE WITH OTHER COUNTRIES

- In *Italy*, workers pay according to the profit.
- In *France*, the autonomous ones depend the elected profession and on the income that they obtain, but the first year they don't have to pay anything.
- In the *United Kingdom* they have a fix fee established between 13€ and 58€ and it doesn't have quarterly Vat declarations, but he pay at the end of the fiscal exercise according to the obtained profit.
