**Dear Diary,**

Dear Kaulany,

I have to tell you that in 3 month, you will be confined for more than a month. The coronavirus will arrive at Tahiti

Do not take it lightly, protect your family and your friend

Warn your darling to enjoy his grand-father, because it may

die of old age. Stay cool and stop the pressure for the school.

Therefore enjoy your friend and your family, <3

Enjoy every moment that you spend outside, with your friend,

in the sea, in the pool and mostly the landscape.

Just Enjoy moments outside, because you will be tired

« F I U » of not being able to go out...

Do what you prefer and be free !!!
