

First Day

First of all we did some warm-up activities. Then we introduced STE(A)M education model. We identified key knowledge and key competencies to nurture future creative students.

Second Day

The principals of 'Design Thinking Process' were explained. Workshop activities were done. Spain, Slovenia, Romania, Portugal and Turkey joined the meeting. Poland joined us via video conference call. We organized the next mobilities and tasks to be done during the Project.

Third Day

We continued to work on 'Design Thinking Process': Design Thinking Skills, Applied Creativity, Identifying The Term Waste, Design For Managing Wastes. We decided how to apply the activities to our project 'SMART WASTE MANAGERS'.

Smart Waste Managers
