

# 5 WAYS OF SAVING WATER

## 1 **FIXING HOUSEHOLD LEAKS RIGHT**

Doing this you can save 75 liters of water in a day.

## 2 **WASHING ONLY FULL LOADS OF DISHES**

With this you can save almost 190 liters of water a week.

## 3 **TRYING TO SPEND LESS TIME IN THE SHOWER.**

Spending only 5 minutes in the shower you can save up almost 30 liters of water every time.

## 4 **TURNING OFF THE WATER WHILE BRUSHING YOUR TEETH**

Using this you can save almost 10 liters of water per minute

## 5 **BUYING WATER-SAVING DEVICES**

Buying high-efficiency washing machines or toilets saves lots of liters of water.
