Minna Canths family.

by: Matias Abrosimov

Minna Canth was born at 19. March 1844. She was born in Tampere, in a small family, and her parents were Gustaf Vilhelm Johnson and her mother was Lovisa Ulrika. In her family were 3 kids Minna Canth, Gustav Vilhelm and Augusta Katharina. The family was poor, but the family had all what they need. Then Minna Canth's father had rapid enrichment because he found good work in the fish shop. Then at 1853s. They migrated from Tampere to Kuopio. In Kuopio Minna went to school, Kuopio city workpeople girls school. My opinion of Minna Canth: Minna was the best of workpeople, and she was a beautiful woman. I like her works, because she did all for us. She never surrendered.
