Average: 4.44 / 5

6. How do you evaluate the global participation in the project?

Average: 4.03 / 5

Comments on the results

We have seen that the students have enjoyed their participation in the project. All activities score over 3.5 points out of 5.

The global participation scores over 4 points out of 5.

The online meeting is the activity with the highest score – interaction has been highly appreciated in these corona times.

In the comments most students state that they would like to take part in similar activities the coming years.

7. Which aspects did you learn doing this project? About the languages, about traditions...

Some representative answers:

- Different languages, traditions and new ways to learn English.
- I made more friends and my level of English has improved now.
- We learned about other traditions and languages and I think that's so cool.
- There are a lot of different traditions around the world
- I learn a lot of things like the traditions and the culture of Belgium.
- Comparing the different languages, learning the traditions, learning more about the language in Catalonia, learning about culture in different countries.♥

8. Comments, suggestions, ideas...

Some representative answers:

- Speak more with people from other countries, it's so cool to speak and see the faces of other people that don't live in our country. You enjoy and learn a lot.
- Maybe we can meet up some time
- I hope we will meet again in real life
- Do it every year.
- Thank you for the project
