The school has got wide corridors with tables or desks to sit and do homework in the afternoon.

The school has got a garden with plants, flowers and trees. When the weather is nice, students can sit on the grass or lie on hammocks under the trees and relax

There are variety sport facilities: tennis courts, swimming pools, football pitch and playground. Afterlesson activities are very popular: students can choose language classes, art and music classes. They can own clubs, for example drama clubs or cookery courses.

Lessons in the Utopia school start at 9.30 and take 30 or 45 minutes. Students can choose which subject they want to study, but lessons must be interesting. Science lesson with lots of experiments. Some students don't want any homework. The lunch break is 40 minutes.

The school administration is optimistic, friendly and helpful. Students want a free access to a photocopier machine.

Teachers are easy-going, young and friendly but demanding. They respect students. They are also understanding and give good marks.

Students don't wear uniforms. They are kind and polite. They respect teachers and other students. They know how to behave. They are intelligent and motivated. They ask a lot of questions and they have got right to share their opinions.
