Dear Sir or Madam,

I read about your advertisement on your website. I am interested in map guides for bikes. Freshmeat.hu is one of the leading producers of high quality meat products in Hungary. We are specialized in home delivery of small amounts in cities.

Could you give me some more details about your product? I would be grateful if you sent me a copy of your current price list. How much is the delivery charge to Hungary? Could you inform me about the warranty? Please let us know if you provide any discounts over ten units.

I look forward to hearing from you.

Yours faithfully,

Kludia Cseke
