

# SKETCHFAB

Hi my name is Gonzalo and i go to talk of my proyect sketchfab.

It is a program for you can buy the desing of another persono r you sell a another person who want to buy it.

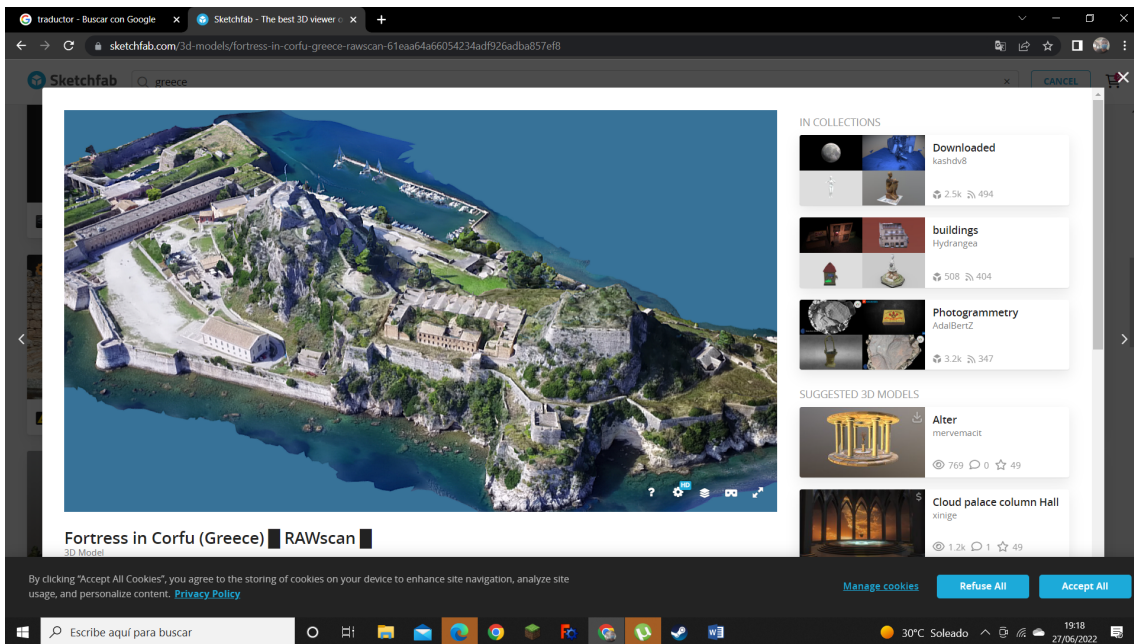

**FIRST STEP:** To be able to do it you have to enter the page and register with an account or create it.

And you select sing up.Yoiu créate yours account and you can search in this page.

**SECOND STEP:** You search the places of the world that you like you put it where it says search 3D models.

**THIRD STEP:** You choose the model that you like in my case I choose the Fotress in Corfu

**FOURTH STEP:** You go down as far as it put download 3D model and download this.

**FIFTH STEP:** You select the binder of winrar and you extract it.  
And this model you pass at cura for imprim this model

# THE END
