

## Zpětná vazba pro školu

9. října 2018 absolvovali studenti zapojení do projektu Erasmus plus zážitkový seminář kariérového poradenství. Studenti byli rozděleni do tří menších skupin, kde po slézce pracovali ještě v menších týmech.

Studenti se v programu zaměřili na sebereflexi a prozkoumávání svého vzdělávacího a kariérového směřování. Východiskem bylo uvažování o pojmu kariéra a zkoumání vlivů na volbu kariérové cesty. Zážitkovou formou žáci zmapovali svoje silné stránky, zájmy, osobní hodnoty, motivy a kompetence. V průběhu workshopu žáci pracovali s pojmenovanými kompetencemi a svým potenciálem při vymyšlení a hledání vlastní role ve společném miniprojektu. Poslední část programu byla věnována akčním krokům a plánování vlastního rozvoje i v kontextu celého projektu. Ze zpětné vazby od účastníků workshopu je patrné, že mnohé z aktivit měly určitý sebezorožovací dopad, viz. níže. Pro Info Kariéru to byla velice zajímavá a vítaná zkušenost a budeme moc rádi s Gymnáziem pod Svatou Horou rádi nadále spolupracovat, ať už v rámci Erasmus+ nebo mimo něj.

### Co se žákům líbilo?

There was teamwork and cooperation between all of us.
Because it made me realise about our good points and skills nad encouraged to work with our weaknesses
The structure of the workshop - we started with ourselves and just then we got in contact with others
The map we had to do, because I learn and find out other abilities of myself
Working with group
The way that the workshop goes on
Everything. This lesson is so helpfull
The lead-in activities, workshop structure, the involvement of mobiles ( important for the young people)
Sense of humor of groupchats
Group activities
All the activities
our attempt to discover ourselves deeper
I really liked the program, it was not boring I really appreciate that the games we played
I really lik this project because now I focus on what i want to do ideas, games, teamwork
working with different people and knowing better each other
the cartoon
communicate with new people because I do not speak English well
being able to speak in English about what I like to do
working through teamwork with other Erasmus students on the project was really fun
Clarity, optimism.
The creativity

### Nejdůležitější pro žáky bylo:

When we wrote our goals
Thath everyone of us found many skills that we will need in the future
No judgements of our answers
I had to speak in English
That I enjoyed it
The sils and goals that I have
Making ht participants open and share
To get to know myslef
Thinking what I'm good at
Students got to know themselves and thers nore an think about their goals + strenghts
all the work and effort we put in our tasks
cooperate all together
that I learnt many new things
all the work we did
working as a team
fuiding personalities, may be future work or some plan
found my skills
that we got chance to know each other and practise our English
the map, write our abilities
that we worked in teams to produce successfull material
Top 10 skills List and examples
The cooperation we had.
The skills for the future.
Hard and soft competences.
How to analyse and how to give people his own role.
The choice of the most important values for us.
Students would recognize everybody has strenghts, like a brick by brick you can build your studies, profession, social relations, actually their life.
Positive reinforcement.
Knowledge how to have self knowledge.

### Co se žákům nelíbilo?

The teamwork
I liked all
Nothing, everything was amazing
Some instructions coul have been a bit clearer -> filling the corners
everything was very interesting and I got to know students better so it was really fun
Say how we look from here 5 years
I'm not onto activities like that. It doesn't give me nothing, but it's just me.
Almost everything.

### Co žákům chybělo?

more time for some activities
Nothing 3x
more games
higher students' activity (not the lecturer's fault)
How to improve the skills.
Free time more (shorter breaks)

### Co bylo pro žáky nadbytečné?

The yellow post-it
Nothing
Nothing, everything was helpfull
Everything we did today was important and we learned a lot through each
It wasnot useless for me because I tried to speak more than I usually do and feel
For me the whole workshop. But it was nice.

### Co by žáci ještě potřebovali zjistit, udělat:

I'm gonna focus on my studies and my sport
Think more about myself. And focus on my weaknesses
I'm thinking about some club to get in contact with other teenagers with the same interests. Thank you for opening my eyes a little bit :-)
I'm going to think about a job in which I need to show my skills
Think about what I really want for future. I might need help with guiding with different works/careers
Improve myself
I hope to develop what I have today realized, needs to be developed
I am going to focus on my goals, better my skills
Optimistic and care-free attitude
this class gave m even more self-confidance and I will use it as a motivation for my future plans.
I am going to focus on my final exam to finish High School and then it will be in habds of God.
I am going to focus on my speaking English
I will talk to my parents and teacher about what career I can start after University
school, studium, hanging with friends more than before, abd also improve my skill for future work
I need to focus on my future and I might need the help of my parents but the last word is mine
communication with anyone could get or search information on internet
Now I am going to focus on my skills and what I like to do the most without worrying to be judged by others. cause after this I feel more confident
Put to test my skills; I will focus on my career; Extra - classes.
1. Organize my future. 2. Focus on things that me happy. 3. A consultant / an advisor
Still the same.
Other information. Studying. Practise.
I need to focus on my future plans.
To develop some of the competences I have seen.
Go for my dream university or work. Be patient and hard working.
I don't know.
To reflect.
To plan how I will use my strenghts in order to be better and more effective in my job
