Working Areas

- + In order to improve **students' skills**, we will realize Flipped Learning activities with ICT in four subject areas during **lab activities** (24/ 26 February)

	Working Area
First	Improving Digital Skills : Prezi/Blendspace/Powtoon for CLIL activity
Second	Improving Intercultural Awareness: The manifesto of Non Hostile Communication
Third	Improving Creativity : Making a poster by Canva
Fourth	Improving English Language Skills : Group work

Planning

We have planned :

- + **a teachers training activity on February 26th** (Prof G. Valenti of University of Calabria)
- + The second mobility (C2) will be a training activity both for teachers and students who will take part in Learning activities.

The purpose of the activities for teachers are:

- + Follow up and assessment about Evaluation in Flipped learning
- + Discussing the quality of activity outputs and evaluating each one
- + Discussing the problems related to Evaluation in the traditional school and in Flipped Learning model, finding a suitable solution for them

The purpose of the meetings for students are:

- + Share the outcome of the activities
- + Provide feedback for each individual output
- + Encourage students to use their second language
- + Increase level of competencies in the use of ICT tools
- + Encourage good communication between the participants.

Thank you
