9. How much did the project help you develop your communication skills in English ? (1 the lowest score – 5 the highest score)

10. Mention a few benefits you had after participating in the project:

- meeting new people and visiting new places
- getting to know different cultures and traditions
- learning new things about the history of the country we visited
- the opportunity to practise English and learn a few words in the language spoken in the visited country

11. Mention the problems/difficulties you had during the mobility:

While most of the students mentioned there were no problems, there were a few that mentioned the fact that due to the pandemic the mobility ended earlier than planned, so they had to return home unexpectedly

12. Make a short assessment of the mobility (what it meant to you, what you liked, what you would improve, etc.)

Students shared opinions like:

- For me, the mobility meant the possibility and opportunity to meet new people, to discover a new culture and to make new friends. I really liked the activities, the positive energy of the people and the fact that the host did their best to make our stay unforgettable
- It was an amazing experience, I loved the places we visited, the people we met and the fact that I became a better speaker of English
- I can summarize the experience like this: the opportunity to become a better version of myself
- It was a great experience especially since it was my first trip abroad and I enjoyed everything
