THE THREE WISE MEN TRADITION

1st You must write your letter early at Christmas as the "The Magic Kings" come from Orient following a star and it's a long long way.

2nd In the night of the 5th of January there is a lot of work to do. You must have your "Roscón de Reyes" (a ring-shape cake) ready.

3rd Run to the streets as the Kings' Parade starts early in the evening. They come on camels and lots of colourful carriages follow them. They and their Pages throw candies to the people attending in the streets.

4th Once the parade is finished you go back home to have Three kings' Eve Dinner and children go to bed early. But you can't forget to place your shoes by the window and leave some milk for the Kings and some water for the camels, and some sweets of course.

5th The Three Kings take their time because of the long journey so you have been waiting for your presents until January the 6th when, very early in the morning, you will wake up and run to see if they brought everything you wished.

6th That's a very special day and after lunch there is the final dessert of the 14 days of Christmas

FELIZ ROSCON DE REYES

He aqui el roscón de Reyes tradición de un gran banquete en el cual hay dos sorpresas para los que tengan suerte.

En él hay muy bien ocultas una haba y una figura: el que lo vaya a cortar hágalo sin travesuras.

Quien en la boca se encuentre una cosa un tanto dura a lo peor es la haba o a lo mejor la figura.

Si es la haba lo encontrado este postre pagarás mas si ello es la figura coronado y Rey serás.
