

# "ERASMUS PROJECT APP"

## User Manual

---

Erasmus Project

Run the app on the device clicking on its icon.

This is the first page:

Erasmus Project

After a few seconds a page about our school appears where you can find some information about the institute.

Click on the "Home Page" button to navigate into our app.

HomePage

In each **section** you can return to the homepage by clicking on the black arrow.

This is the main page  
 You can choose among **six sections** clicking on the icons.

Menu

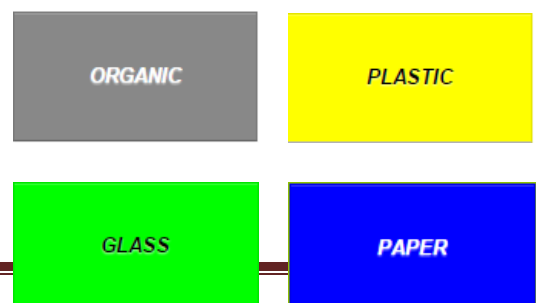

**"Why recycling"** section  
 You can find some interesting data and reasons to start recycling.

**"How recycling"** section  
 You can find interesting information about what you can produce with the recycled material.

There are 4 buttons:  
 organic, paper, glass and plastic.  
 Each button opens a new screen explaining what you

can throw in that bin.

## "Quiz" section

There are 3 kinds of quiz:

- Information quiz: choose the correct answer;
- True/False quiz: decide if the sentence is true or false;
- Math quiz: solve the problem and write the correct number.

Information

For each question write "a" or "b" !!

True / False

For each question click the right button

Math

Write the correct number

## "Other ideas" section

Here you can find some of the most innovative ecological inventions to recycle waste.

## "Play with us" section

There are 3 different games.

### 1. Sensor game

Moving your mobile put the waste in the right bin.

For this game orientation sensor is required on the device.

### 2. Earth Invaders game

Click on the garbage bag on the screen to aspirate it.

The game ends when a garbage bag touches the vacuum cleaner.

### 3. Paperball game

Move the basket with your finger to catch the paperball falling from the sky.
