

## Meeting in Skype – 23 March

Dear friends:

I will try making a resume about our meeting. So, during April and May we will put our students working to collaborating and working together in Spain.

In **Spain**, we have 5 groups:

- Each group have students from all the countries. Each group have 10 or 12 pupils (1 Hungarian, 1 Italian, 1 French, 1 Romanian, 1 Turkish, 2-3 Portuguese, 3-4 Spanish).
- Each group work about 1 subject. The subjects are:
  1. Patrol Energy at school
  2. Patrol Energy at home
  3. ENERGY SUSTAINABILITY - Survey
  4. Waste Patrol at home
  5. Food sustainability – production / menu at canteen
- In each group, during the days in Spain, the students present the work made in their school. The students register the common points and the different results. The students put the main conclusions the work made in the different countries in a **Poster** (the students use paper, pens, pencils, draws, ..., to make the poster). In the poster, the students put suggestions to improve the sustainability. In the end each group will present their poster to teachers and other students.
- So... product this activity is: **POSTER**.

In **each school**, students work in the subjects the groups:

1. **Patrol Energy at school** – See the information in <http://goo.gl/kxY9zp> and fill the table in <http://goo.gl/k0kUTt>. The students can print this table and bring them to Spain to share with the others. They need fill another table too in <http://goo.gl/IQI8pA>
2. Patrol Energy at home - See the information in <http://goo.gl/ENttuU> and fill the table in <http://goo.gl/OC4xnJ>. They need fill another table too in <http://goo.gl/OC4xnJ>.
3. ENERGY SUSTAINABILITY - Survey –Each country need put 10 questions here: <http://goo.gl/7oAv6S>. Portuguese students join all the questions and will make the final survey. When the survey is finish, Teresa will send for the coordinators the link.
4. Waste Patrol at home - See the information in <http://goo.gl/ZTufDD> and fill the table in <http://goo.gl/nXqGrW>.

5. Food sustainability – production / menu at canteen – We need construct the questions on TwinSpace. Reunion Island was start. Please, see in <http://twinspace.etwinning.net/1699/forums/forum/5698>. When we have all the questions, students register the answers to bring to Spain.

Plan and dinamize one **workshop** in Spain

- Each country plan and dynamize a workshop about one of the subjects. Each country thinks about and chooses the subject to the workshop.

- See the plan below:

Workshop 1 Hungary Subject: ????	Workshop 2 Italy Subject: ????	Workshop 3 Romania Subject: ????	Workshop 4 Turkey Subject: ????
Workshop 5 Reunion Subject: ????	Workshop 6 Portugal Subject: Games online to save energy	Workshop 7 Spain Subject: ????	Workshop 8 Spain Subject: ????
Workshop 9 Spain Subject: ????	Workshop 10 Spain Subject: ????	Market free & sustainable All the countries  Each foreign people bring an object (a piece of cloth, an English book, a pencil,... something like that) and then we do an exchange.	

Foreign and Spanish students circled by different Workshops to see and experiment different activities.

Please, try put the students working on TwinSpace. Thanks 😊
